ABOUT US

Simple Pro Energy was created by a group of professionals focused on fulfilling the current methods with alternative and clean energy market needs. Each one of our partner members has his own specific expertise in that industry and highly specialized know-how acquired through substantial experience.

Simple Pro Energy mission is to grow into a worldwide leading upstream alternative energy company with long-term financial benefits, for itself and its clientele. Simple Pro Energy plans to increase the volume of trade partners and its global influence. We plan to build a portfolio of core areas which provide long-term growth opportunities, and we put emphasis on long-term growth of our business and that of our partners.

Simple Pro Energy has to offer its clients a real deal with reliable title holders/sellers, all through contracted representatives. The contracted Representatives of the title holders/sellers are our direct partners we have been working with for a very long time, and have been carefully selected based on their reliability and integrity.

For the current year, the contracted Representatives are continuing their work with their partner Title Holders/Sellers to make the process of requesting and obtaining alternative energy products.

Simple Pro Energy and its Contractual Mandates are all alternative energy industry approved, certified and licensed.

Simple Pro Energy focuses primarily on the field of alternative energy, waste into energy industrial parks, windmill farms and solar unique systems.

Simple Pro Energy is ready, willing and able to start the business of mandating the sale of alternative energy and products with any and all interested Companies directly and immediately.

Our main offices are located in Chicago, Illinois, USA. The company also has another four subsidiaries, in Belgrade, Serbia (South Eastern Europe), Bucharest, Romania Vienna, Austria and Stockholm, Sweden.

Simple Pro Energy is a company that also designs and implements wind farms as well as solar unique systems.
